Dear Interested Parties:

Montana Fish, Wildlife & Parks (FWP) has issued a Decision Notice (DN) to conduct a bank stabilization project along a portion of Fish Creek at Big Pine FAS. The stabilization project will involve the construction of a native green and aged woody debris logjam in order to reestablish and protect the highly erodible soils that surround the base of the "Big Pine." The Big Pine is the largest known ponderosa pine in Montana.

You may review this DN in Helena at the State Library, FWP Headquarters, or the Environmental Quality Council. Or, you may review the DN on FWP's Internet website at

<http://fwp.mt.gov> ("Recent Public Notices"). To receive a printed copy of this DN, contact the Region 2 FWP office by phoning 406-542-5500; writing Region 2 FWP, 3201 Spurgin Rd., Missoula, MT 59804; or emailing shrose@mt.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mack Long', with a stylized, cursive script.

Mack Long
Regional Supervisor
